Eriez[®] Now Offers Quick Shipping for Select Coolant Recycling and Solids Removal Equipment

Erie, PA—Eriez[®] announces the expansion of its popular Quick Ship Program to include select <u>Sump Cleaners</u> and the company's <u>SumpDoc[®]</u> Portable Fluid Recycling System. Eriez Director-Heavy Industry Darrell Milton says, "Providing even faster delivery of these quality fluid recycling products is an extension of Eriez' commitment to helping clients improve productivity on their shop floors."

Eriez <u>Sump Cleaners</u> quickly and thoroughly clean virtually any machine tool sump, tank or pit. These heavy-duty systems remove the coolant, sludge and chips from the sump and then filter the sludge and chips from the coolant. The filtered coolant is then returned to the sump or transported to an Eriez Recycling System or waste treatment area for disposal.

The <u>SumpDoc</u> is a cost-effective alternative to a central fluid recycling system or batch processing, unlike any other product on the market. It is an all-in-one, portable fluid recycling system that will completely filter and rejuvenate metalworking fluids without interrupting production. <u>SumpDoc</u> can be wheeled next to a machine tool, parts washer or rinse tank to provide full-service fluid recycling in a simple and quick two-step process.

To learn more about quick shipping options for <u>Sump Cleaners</u> and <u>SumpDoc</u>, call (814) 835-6000 and ask to speak with a metalworking equipment team member or send an email to <u>eriez@eriez.com</u>. For more information about Sump Cleaners, SumpDoc and Eriez' range of additional fluid removal and recycling equipment, visit <u>http://erieznews.com/nr498</u>.

Eriez is recognized as world authority in separation technologies. The company's magnetic lift and separation, metal detection, fluid recycling, flotation, materials feeding, screening, conveying and controlling equipment have application in the process, metalworking, packaging, plastics, rubber, recycling, food, mining, aggregate and textile industries. Eriez manufactures and markets these products through 12 international subsidiaries located on six continents. For more information, call (814) 835-6000. For online users, visit <u>www.eriez.com</u> or send email to eriez@eriez.com. Eriez World Headquarters is located at 2200 Asbury Road, Erie, PA 16506.
